

## Evergreen 2.0 Software Update

The Evergreen 2.0 software update brings many new and improved features to the Evergreen ILS. On Sunday, March 20, Evergreen Indiana will be upgraded to the 2.0 software update. The update will allow both customers and staff to do more than ever with Evergreen.

More information regarding the simple instructions for upgrading Evergreen Staff Clients, as well as 2.0 features will be provided in the coming weeks.

## Staff Client Features-Patron Accounts

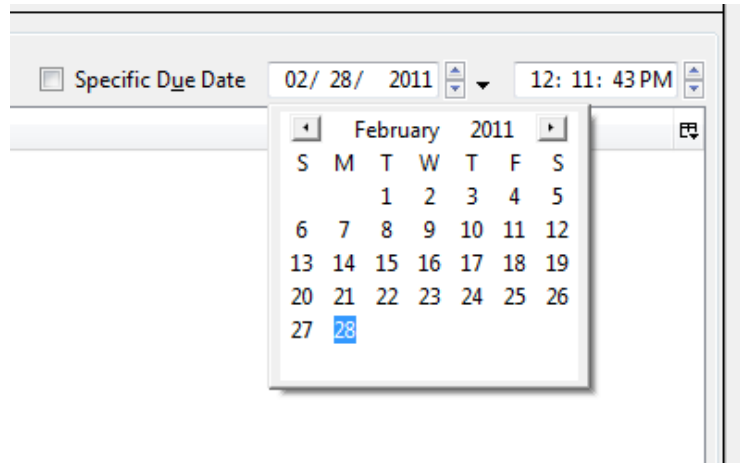

### Patron Registration

Evergreen 2.0 will include a streamlined patron registration interface. Save time by avoiding the need to flip through several pages when registering a patron.
