

# Meet the Exhibitors

**Table 1: Evanced Solutions, Inc.:** Keeping up with the demand of the 21st century library customer can be daunting. Evanced provides simple, cost effective and configurable online tools that will help you engage and interact with today's patron. Evanced offers: Room Reservation, Event Calendaring Management, Online Summer Reading, Peek-A-Book Total Access, BranchAnywhere and Academic Study Room Booking.

**Table 2: BWI:** BWI offers products and services that are in tune with the needs of public libraries. The combination of our easy-to-use website (titletales.com), professional collection development assistance, high-quality customized cataloging and processing, and superior customer service offers you a world-class experience from start to finish.

**Table 3: EnvisionWare:** EnvisionWare delivers world class computer and financial management software, RFID circulation, security and inventory systems, Automated Materials Handling solutions, and professional consulting services dedicated to the efficient delivery of exceptional service to library patrons.

**Table 4: Bowker:** Bowker is the world's leading provider of bibliographic information management solutions designed to help publishers, booksellers, and libraries better serve their customers. The company is focused on developing various tools and products that make books easier for people to discover, evaluate, order, and experience.

**Table 5: WebClarity:** WebClarity develops PeopleWhere, a web-based staff scheduling application designed for libraries. It identifies critical service gaps, recommends how to fill them, and handles the HR complexities of leave management. WebClarity also develops BookWhere, a popular tool that helps catalogers locate, edit, and import high-quality MARC records.

**Table 6: Ingram Content Group Inc.:** Ingram is the world's largest and most trusted distributor of physical & digital content. Thousands of publishers, retailers, and libraries worldwide use our best-of-class digital, audio, print, print-on-demand, Inventory management, wholesale and full-service distribution programs to realize the full business potential of books.

**Table 7: BayScan Technologies:** BayScan Technologies is known for its innovative and custom solutions for libraries. From Self Checkout and RFID to Digital Signage and Time and Print Management. BayScan has also implemented custom print solutions for Hold Slips, Transfer labels and Spine Label Printing.

**Table 8: LYRASIS:** LYRASIS partners with member libraries to create, access and manage information, while building and sustaining collaboration, enhancing library and technology operations, and increasing buying power.

**Table 9: Bibliotheca:** Bibliotheca is the world's largest company dedicated to the development, deployment and support of library technology solutions, designed to improve operational efficiency and enhance customer service.

**Table 10: EBSCO:** EBSCO understands the complex information needs of public libraries and provides sound solutions to those needs with a collection of specially designed databases and services. EBSCOhost offers more than 300 databases that support library needs. Our databases offer a user-friendly interface in addition to sophisticated software and specialized customization options.

# Meet the Exhibitors

**Table 11: Central Technology, Inc.:** i-circ® Self-checkout systems are designed for your library. Models available using RF, EM or RFID technology. Come see how one staff member can easily manage six self-checkout stations with the all new Mobile Attendant™ handheld product.

**Table 12: Alpha-G Consulting, LLC:** Alpha-G Consulting is a group of experienced library automation professionals who are anxious to assist you in solving whatever vexing problems you may have with getting the most from Evergreen. We provide services for migration, support, consulting, add-ons, reporting, and hosting.

**Table 15: Indiana State Library:** The Indiana State Library was established in 1825 to provide library services to Indiana's state governmental officials and employees. Since that time, the responsibilities of the State Library have expanded to provide services to all citizens of Indiana. Just as the Library of Congress serves as the historical repository for our nation, the State Library is responsible for collecting and preserving all types of information and data about the state of Indiana.

**Table 16: Backstage Library Works:** Backstage specializes in RDA Services | Authority Control | Cataloging | Database Cleanup | Record Enrichment | Reclassification | Digitization | Preservation Microfilm | On-site RFID tagging

**Table 17: Baker and Taylor:** Baker & Taylor is a global information and entertainment services company that offers books, DVDs, music and related services to libraries and educational institutions. A wholesaler representing more than 72,000 book publishers and 7,000 audiovisual producers with a database of more than 4.3 million titles.

**Table 18: Equinox Software, Inc.:** Founded by the original Evergreen designers and developers, Equinox Software is a leader in open source solutions for libraries. Their goal is to engage and support a rapidly growing open source community while assisting libraries in moving away from expensive proprietary vendors and products.

**Table 19: Unique Management Services, Inc.:** Unique has offered its trademarked Material Recovery service for public libraries since 1995. In that time, we've recovered over \$300 million in overdue items and fines. Our newest service, UIC, is designed to help libraries manage telephone based customer service, so you can focus on service and patrons in front of you!

**Table 20: Brodart Co.:** Brodart delivers shelf-ready books, serving libraries exclusively since 1939. Professional selection and customized cataloging and processing are available for English- and Spanish-language titles. Our interface to your ILS fully supports EDI transactions through our online selection and ordering tool.

**Table 21: Today's Business Solutions:** Today's Business Solutions, Inc. is a leading provider of pc reservation, print for pay system, one card solutions, web print applications and our new green technology called simple scan. Our simple scan station is revolutionizing customer service in libraries across the nation.
