
EVERGREEN 2.5 KNOWN ISSUES

ADMINISTRATION

- Action trigger history failing (<https://bugs.launchpad.net/evergreen/+bug/1207533>)

CATALOGING

- Completion of Fast Item Add entries does not trigger the system to open the Holdings Maintenance interface. (Internal review)

CIRCULATION

- Slow holds targeting (<https://bugs.launchpad.net/evergreen/+bug/1272316>): materials in high demand with large numbers of holdings may take more than a minute to target.
