

## Bibliographic Records

Date	Bibliographic Records
2008	246,239
2009	848,176
2010	2,127,222
2011	2,440,060
2012	2,790,027
2013	2,619,444
2014	2,468,609
2015	2,419,921
2016	2,504,926

Beginning with clean-up efforts in late 2013, we saw a clear decrease in the number of bibliographic records in the system which represented significant work on the part of our catalogers and support staff to reduce the number of duplicate records stored in the database.

We continue to maintain an outstandingly diverse collection, adding thousands of new and unique bib records each year, while making it easier for patrons and staff to locate and procure the desired materials.

### Bibliographic Records at Evergreen Indiana Libraries over Time
